№ 177-A

от «20» June 2014 г.

Dear colleagues!

Union of social of workers and social pedagogues of Russia would like to inform you about Congress of social workers and social pedagogues which will take place 7-8 October of 2014 in Moscow. Congress of social workers and social pedagogues is organized every 4 years, it has much bigger format than Forums (organized every year) or conference and usually helps to raise profile of the profession.

Usually the Congress hosts up to 1000 participants from all areas of Russia including the most remote ones (we in our country have 85 subjects of the Federation).

This year the event is very important. Hopefully we will have an honor to have at the Congress members of the IFSW and AIEJI Boards, other social workers from all over the world.

You can arrive to Moscow 6th of October, spend 2 days working at the Congress and to have one day – 9th of October for sightseeing in Moscow.

The conference fee is 250 Euros per person (includes transfer from and to the airport, 2 lunches, sightseeing tour, services of interpreters, support with visa invitation)

Please consider this invitation. Your participation at the Congress is very important for Russia Social Work

With respect

Antonina Dashkina, President of the Union
